## Principal's Desk

The B.Ed. course, a pre-service secondary teacher education programme of one year duration, has been an important part of our college since 1974. The teacher educators of this department have always endeavoured for the successful conduct of the B.Ed. Course. They are committed to provide quality teacher's training programme each year so that the student teachers may acquire competencies and commitment to perform their multiple tasks in the classroom as well as in the school and the community in a genuinely professional manner.
