## Principal's Desk

I am happy that the 4<sup>th</sup> volume of B.Ed Newsletter is being published. It is an effective means of assessing the success of one year teachers' training programme at our college. The rich B.Ed. syllabus of B.H.U. requires the completion of various curricular, co-curricular and extra-curricular activities within the duration of one year. The Newsletter reflects how effectively and successfully these activities were carried out throughout the session. The teacher educators always stood beside the students and mentored them in completing their one year course which becomes very hectic due to the comprehensiveness of the teachers' training programme.

The outgoing session (2013-14) was also vibrant and full of activities like previous session. The Newsletter has documented them systematically.

Dr. Rachana Dubey  
Principal
