UNDER GRADUATE DIPLOMA IN COMPUTER APPLICATION (U.G.D.C.A.)

In today's highly competitive world, almost every aspect of life requires computers' basic and advanced knowledge. The need and significance of a computer diploma to appear in any graduate/postgraduate level competition is not hidden from anyone.

In order to meet this ever increasing need of computers, Banaras Hindu University has come up with a diploma (U.G.D.C.A.). We, the Arya Mahila family, are fortunate enough to run this course for our students.   This course runs in parallel with graduation, which means this course can only be opted by first year students of graduation. Unfortunately, no way remains open once a student goes to the second year of graduation.

Some of the salient features regarding U.G.D.C.A. are

1. Valuable diploma from Banaras Hindu University.
2. Economic (**Rs.3200 yearly for general/OBC candidates and Rs.1500 yearly for SC/ST candidates**) compared to other commonly available diploma courses outside.
3. This diploma makes one stand shoulder to shoulder with the other cutting edge diploma holders.
4. This course is at par with CCC.
